

## Truck Covers

We offer a full range of advanced tarping solutions for covering dump trucks, including Semi-Automatic, Manual Arms Systems and Automatic Arm Tarping Systems. While the dump truck tarp that is best for you will depend on the type of material being hauled and personal preference, we offer vinyl truck tarps, heavy duty mesh tarps, waterproof and asphalt tarps for all of your trucking needs. For an End Dump trailer we recommend using an Automatic Tarping System to cover the large truck-load. Automatic tarping systems have an electric motor to retract the tarp back into the housing simply by turning a switch. Automatic tarp systems are great for any application up to 40'.

- *Mesh tarp keeps the cargo in the dump truck, no spattering*
- *Mesh fabric provides great airflow for improved tarp life against wind flap*
- *Accommodate Top and Side Loads*
- *Custom Styles and Sizes for Any Application*
- *Vinyl truck tarps, heavy duty mesh tarps, waterproof and asphalt tarps for all of your trucking needs*

- *Meets DOT requirements as set fourth in 49 CFR 390—394 for load securement*
